As previous annual meeting attendees you know that the Society for Thermal Medicine offers unique learning opportunities with exceptional speakers, respected presenters and esteemed colleagues. The sessions are informative and the networking opportunities are invaluable. Attendees will have time during breaks to enjoy the South Florida sun on the highly acclaimed Clearwater Beach. The beautiful white sand beach, Clearwater's famous fishing pier, and the gentle waves on Florida's Gulf Coast make this a perfect family destination.

Keynote sessions will feature an exceptional line-up of speakers including [Dr. Dai Fukumura, Dr. Thomas Fogarty and Dr. Heinz Otto Peitgen](#). Also of note, the 2010 J. Eugene Robinson Award will be presented to [Dr. Chris Diederich](#) for his significant achievements in Thermal Engineering and Physics.

Once again, STM has applied for **CME credits** for a large portion of the 2010 program which should greatly enhance the value of our annual meeting for many attendees. The exact number of credits is currently pending and will be announced in the near future.
